

## GREEN SALINA ENERGY DAYS

### ***Geothermal Energy: the key enabler to EU energy transition***

*Malfa Auditorium*  
**June 6, 2024**

## Programme

Organizers

Associazione Isole Sostenibili

## **9:00 - GEOTHERMAL AS A WINNING PERSPECTIVE FOR THE ENERGY TRANSITION**

**Francesco Italiano** (*Athanor Geotech Srls*) coordinates and **Marit Brommer** (*IGA*) introduces this panel.

**Marit Brommer** – *CEO of IGA – International Geothermal Association*  
Geothermal Energy: A winning perspective.

**Giulia Cittadini** – *Policy Advisor - EGEC Geothermal* (*remotely*)  
EGEC is inviting geothermal industry stakeholders to endorse a letter calling on the European Commission for a geothermal strategy and action plan.

**Bruno Della Vedova** – *President of UGI – Unione Geotermica Italiana*  
The Geothermal Energy challenge: If not now, when?

**Kostas Komninou** – *General Director – DAFNI Network of Sustainable Greek Island*  
Exploitation of geothermal energy for the decarbonisation of Greek islands

**Evangelos Spyridonos** - *PM Geothermal Projeets - PPCR Project Dev. Dept.* (*remotely*)  
Lesvos Island geothermal project

**Patrizio Signanini** – *Athanor Geotech Srls*  
Raising the great Italian geothermal school: from geothermal fields to the management of energetic budgets.

**Fausto Batini** – *President of Rete Geotermica Italiana* (*remotely*)  
Geothermal with zero emissions to accelerate decarbonization in Italy

**Filippo Abbà** – *Chief Technology Innovation Officer - Saipem SpA*  
The geothermal energy for Saipem: in our DNA, from the past to the future fostering innovation for the energy-mix.

## **12:00 - FOCUS ON THE FUTURE OF GEOTHERMAL: FROM ONSHORE TO OFFSHORE**

**Paolo Favali** (*Athanor Geotech Srls*) coordinates the following debate.

**Diego Paltrinieri** – *Athanor Geotech Srls*  
The great challenge of offshore geothermal energy.

**Debate to follow.**

## **16:00 - FOCUS ON GEOTHERMAL IN THE AEOLIAN ARCHIPELAGO**

**Gianluca Lo Re** (*URIG - Ufficio Regionale Idrocarburi e Geotermia Regione Siciliana*) coordinates this panel.

**Fabio Di Felice** – *INGV* (*remotely*)  
Geothermal energy in the Aeolian Islands: ongoing work and future projects.

**Franco Italiano** – *Athanor Geotech Srls*  
Fluids geochemistry as a strategic tool for geothermal energy exploration and exploitation: the results gained for the Aeolian islands.

**Franco Caselli** – *Geolog Srl/Ignis H2 Energy Inc.*  
Geothermal Project in the Vulcano Island

**Carmelo Prestipino** – *Enerstudio Snc* (*remotely*)  
Green Islands PNRR program, Panarea Island – Geothermal plant for the production of electricity and integration with the desalination plant.

**Alessandro Zuccato** – *Zuccato Energia Srl* (*remotely*)  
ORC systems for geothermal application.
